

K-LOVE Radio has always and continues to serve the needs of the local communities in which I have lived with positive broadcasting safe for my entire family. In a day and age when parents have to monitor what their children are listening to, when vulgarity seems to be the norm in radio, K-LOVE radio provides the local community with quality, faith based, positive broadcasting that uplifts the local community. Replacing K-LOVE with an LPFM broadcaster would impact our community detrimentally by depriving us of the quality broadcasting we receive from K-LOVE. K-LOVE broadcasting is in our community's best interest because they provide free announcements for local events for our churches which is not available elsewhere and they also provide an alternative to the local stations which fill the airwaves with negative messages and continual advertisements but little entertainment or access by the community. Please do not take K-LOVE away from families in our area.
